

ICBC Claims

How It Works

If you have been in a recent motor vehicle accident, have reported the claim, and received a claim number, then you may start physiotherapy treatment. You do not need a doctor's referral to commence physiotherapy but we recommend you see your regular family physician to review your injury and to determine if further medical testing is required.

Cost

ICBC will pay our clinic for part of your regular treatment fee. We charge a user fee of \$45 in order to cover the whole cost of the treatment. ICBC will initially approve up to 20 treatments of this type over a 4 month period. If further treatment, or an extension is required, your physiotherapist can request this from ICBC.

ICBC Claim #

Date of Injury (DD/MM/YY)

Telephone

Communication

We need to know if you have a lawyer prior to starting treatment as this may change how your physiotherapist is able to communicate with ICBC. If at any point during your treatment you decide to acquire a lawyer then please inform us of this at your earliest availability.
